Join us for the opportunity to influence service improvements in Derbyshire.

Joined-Up Care Derbyshire (JUCD) is taking part in NHS England Always Events®, which is a working together (co-production) approach.

The purpose of this approach is to improve the quality of services by understanding what really matters to patients, their families and carers’ and to work in partnership to improve their experience of care. It focuses on those elements of care that patients and families feel should always occur when they interact with care professionals.

What’s really important about Always Events® is that patients and families get to share what the really important issues are from their point of view, and then working together with staff at the front-line, find ways to make experiences of care and treatment better.

You can find out more information about Always Events® here [https://www.england.nhs.uk/always-events/](https://www.england.nhs.uk/always-events/)

Joined-Up Care Derbyshire would like to focus our Always Event® around creating a joined up approach to the identification, assessment and treatment of people as they age and grow older.

We recently sent out a questionnaire asking: **What matters most to you as you age and grow older?** We now want to focus on the three areas people have told us are most important to them.

Please register below to come and join one of two focus groups happening in the High Peak area of Derbyshire in February
2020. We want to use these focus groups as opportunities to feedback what you have told us matters to you and help us identify ways by which we can work together to make sure that those things you have shared with us are taken forward to further improve the care that we provide.

**Registration**

* please tick your preferred date and give further details below which you can either e-mail back to the citizen panel, use the email address given below or text to book your place.

*I/we would like to attend the focus group session on **Wednesday 26th February 2020** 10am -12pm, Town Hall, New Mills, SK22 4AT ☐
