

Treasurer Vacancy at High Peak CVS

Do you have experience in finance with a familiarity with current accounting standards and charity requirements?

Are you looking for an exciting challenge and the opportunity to contribute to a Charity that is just a little bit different?

High Peak CVS is a **Support** organisation. We support small organisations to grow and develop. We support people through difficult times with our Bereavement care service. We support people to 'live their best lives' through our Social Prescribing service. We support our members to find funding. We support our communities with the provision of information and guidance. We do what it says on the tin....

The role of Treasurer is both voluntary and non-executive, providing a rewarding opportunity to use your expertise and experience to help shape our future.

We are looking for a person with enthusiasm and commitment who also loves the High Peak, but who has an understanding of the challenges involved in living and working here.

Time commitment approximately 2 hours per week plus a Board meeting every two months.

For more information please contact us at: hello@highpeakcvs.org.uk
